## Dry Fly Innovations Newsletter

Dear Fly Fishing Enthusiasts

Don't put that pole away yet, the fishing season is still big on! The microscopic bug hatches are happening right now with the Blue Wing Olives and Midges. This is a very exciting season and very effective.

Blue Wing Olive emergers, Blue Wing Olive hatching emergers, and the adult Blue Wing Olive are all dynamite flies right now. Several of Dry Fly Innovations clients have experienced the late season first hand with these flies and they have been landing fish. So grab your fly pole and some Blue Wing Olives and come experience one of the neatest fishing seasons we have on the South Fork and Owyhee Rivers.

Dry Fly Innovations is offering [gift cards](#) for the Christmas Holidays for that special dry fly fishing enthusiast. With the gift cards there are no minimum or maximum purchases

necessary, it is great way to share your fly fishing passions with friends and family. Also, we will be offering gift wrapping for any of your purchases for free, do not worry no presents will be wrapped by Nate, Sammy, or I. They will be professionally wrapped by Peach or Jessica

Brumley.

We would like to wish all of you a very Merry Christmas from Dry Fly Innovations and would like to personally thank you for all of your support. We look forward to the New Year and the up coming fly fishing seasons with you. Thank you, and we cannot wait to hear all of you say "There he is" this Christmas Season.

Your fellow Fly Fishing Enthusiast,

Geoff Brumley
